To whom it may concern,

I am writing this letter of reference for one of our school district partners, Recognition Art. About a year ago, a dedicated community group led an effort that ended with over \$750,000 being raised for our school district. The funds were raised to support the district implementation of a one-to-one digital learning platform for our students. This was an amazing contribution to our students and our community. It really jump started our district towards creating 21st century learning classrooms.

As a result of this partnership, the Arcola School Board wanted to create a memorable recognition display in our facility. We hoped to create a display that would be professional, highlight the community donors in a dynamic way, and be able to stand the test of time. The design will be on display for many years to come.

After working for several months with Larry Greenwald, we ended up with an amazing display that everyone in our school district and our community is very proud of. The design met all of our original goals and in addition really captures the culture of our school district.

If you are looking to recognize a group through a donor display, I would strongly recommend Recognition Art!

If you have any questions or would like more information about how they assisted our school district, please feel free to call me at 268-4963 or contact me by e-mail at tmulligan@arcolaschools.com.

Sincerely,

Mr. Tom Mulligan, Superintendent
Arcola C.U.S.D. 306
