To Whom It May Concern,

I am writing to commend the work Recognition Art did for First Unitarian Universalist Church of San Diego and to highly recommend their services. First Church worked closely with Larry Greenwald, Principal of Recognition Art for several months as we planned for, designed, and built our new Welcome Center donor wall. The donor wall names and honors our new 8,700 square foot Welcome Center, which is a multi-purpose building and is a centerpiece of our campus, which included major accessibility and landscaping improvements.

Recognition Art was integral to the success of the project. Larry and I worked together throughout the donor wall vendor selection, the design and manufacture, delivery and installation phases. Additionally, dealings with other members of the Recognition Art team were met very favorably as well. Larry was extremely sensitive to our budgetary needs. The company delivered what it promised and we are very, very pleased with the finished project – which we consider a work of art.

I highly recommend Recognition Art and I am happy to speak further about my experiences should you want more information.

Sincerely,

Robie Evans
