Dear Larry,

Thank you from all of us at PNB for the beautiful plaques and ornaments that your company made for us. For our new production of *George Balanchine's The NutcrackerTM*, we required something unique and special, and your company certainly delivered. We appreciate that you took the time to work with us on a tight schedule and were flexible with the last minute changes we requested.

We are very pleased that we were able to recognize our donors in such a creative fashion, and we are certain that our donor tree will light up our *Nutcracker* lobby for years to come.

We will certainly recommend RecognitionArt to other nonprofits looking for donor recognition displays.

Thank you again, and enjoy the New Year!

Kindly,
