January 16, 2007

Dear Customers,

Two years ago, we were referred to Larry Greenwald while we were amidst a \$7 M Capital Campaign to build a new YMCA branch in our community. As part of our project, it was suggested that we have a "Tile by Tile, Help Build the Y" fundraiser.

Five hundred seventy-six tiles later now, in our main hallway of our new building, we have a spectacular wall honoring special people and businesses. It is one of the focal points of the tour when people come in to visit. As a matter of fact, the tile wall will probably double in size before we are done. We keep extending the deadline – everybody wants "up on that wall." Larry and his group were so flexible with us – they can design ANYTHING. Literally, they created our wall design from a picture of a rug we emailed them!

We have been very pleased with their service, from the design phase to receiving the final product. I highly recommend using Larry Greenwald and his company for your wall design. You will NOT be disappointed.

Sincerely,

Jean Campbell  
Executive Director

### YMCA Mission:

To put Christian principles into practice through programs that build healthy spirit, mind, and body for all.
