

Mr. Larry Greenwald
Recognition Art

Dear Larry,

I just wanted to take this opportunity to thank you and your team for the incredible work you have done for Shorecrest Preparatory School. The elements that you have designed have provided appropriate and functional recognition elements to commemorate the major capital campaign gifts to the school and the naming that has come with such gifts.

Let me elaborate on appropriate and functional – appropriate in that the elements worked well architecturally and used many of the same materials present in the new facilities and were attractive but not too “showy”; functional in that you came up with a means that allowed us to move donor’s names across recognition categories as they continue to give the Shorecrest.

Working with your team was an exceptional experience and despite putting together a completely custom package, you were both attentive to our desires yet gave us constructive input based upon your years of experience.

Thank you again for the work that you do. I look forward to the next opportunity that we have to partner on a project.

Cordially,

Robb Resler, CFRE
Director of Advancement
