Sarasota , FL 34240

Dear Larry,

I just wanted to let you know how pleased we are with our donor wall. Several donors, members and staff have commented on how great it looks. The wall is displayed in our lobby and really adds to the overall impression you get when you enter our facility. It is certainly an attention getter and does exactly what it is supposed to do.....properly recognize the people who made our new facility possible.

I also would like to commend you and your staff. You have been tremendous to work with. You and your staff were always helpful, friendly and made sure we had a quality recognition piece while staying within our budget. Thank you for guiding us through the process.

Sincerely,

Jeff Partridge
Executive Director
